

This report meets state and federal reporting requirements for Elementary and Secondary Education ACT (ESEA). In July of 2012, Washington received a waiver from ESEA requirements. The waiver allowed the state to replace the Adequate Yearly Progress (AYP) requirement that all students pass both the reading and math assessments by 2014 with Annual Measurable Objectives (AMO) that allow a greater focus on opportunity gaps. To meet AMO, subgroups of students (such as Black, Hispanic, Asian, special education, low-income) must have the difference between their 2011 scores and 100 percent cut in half by 2017. In Washington State, four measurements are used to meet ESEA requirements.

1. Performance of 3rd-8th graders on the Measurements of Student Progress (MSP), and 10th graders on the High School Proficiency Exam (HSPE) in reading and writing and the End-of-Course (EOC) exam in math;
2. The rate of unexcused absences for students in grades 1-8;
3. The graduation rate for high school students; and
4. A participation rate of 95%.

For information about the ESEA waiver and requirements go to: <http://www.k12.wa.us/ESEA/PublicNotice.aspx>.

School Improvement

Teachers and parents work together to make sure Lewis and Clark students are successful at school. They create a School Improvement Plan each year to identify and describe specific actions Lewis and Clark is taking to improve student achievement. Parents are encouraged to contact the school to see Lewis and Clark's School Improvement Plan.

Lewis and Clark also uses Student Learning Plans to gauge the progress of each student. The Student Intervention Team meets several times a year to monitor and discuss each student's progress.

Our highly qualified staff

The ESEA law requires that all teachers who teach core academic subjects be highly qualified. Full certification, a bachelor's degree, and demonstrated competence in subject knowledge and teaching are required to be highly qualified. In 2012-13, 99 percent of Vancouver's teachers met or exceeded these standards, and they continue to improve their knowledge and skills with ongoing professional training.

For detailed information, go to www.vansd.org, pull down Schools, then select School Report Cards Data. Printed copies of school reports are available on request.

Annual measurable achievement progress

The Elementary and Secondary Education Act (ESEA) includes English Language Learners (ELL) in the state accountability system and requires states to set performance targets referred to as Annual Measurable Achievement Objectives (AMAOs) for districts:

- **AMAO 1** - the annual increase in the number or percentage of ELL students making progress in learning English, based on results of the Washington English Language Proficiency Assessment (WELPA).
- **AMAO 2** - the number or percentage of students attaining English proficiency by exiting the ELL program by scoring a Level 4 on the WELPA.
- **AMAO 3** - the number or percentage of students learning English who reach academic standards in reading and math based on performance on the Measurement of Student Progress (MSP) and the High School Proficiency Exam (HSPE).
