

Steps 2-5 School Improvement Supplemental Education Services (SES)

Supplemental Educational Services provides free tutoring for low income students outside the school day in qualifying Title I schools. Low income is determined by free/reduced lunch status. Students may receive tutoring to improve reading and/or mathematics skills. Parents complete an application and select the tutoring program they wish from a list of state-approved providers. Once verified, providers work out location and schedule with the parents.

Tutoring services can be done at school, in-home, or at a community location. A Student Learning Plan is created for each student that is based on a district-prioritized subset of the Washington State Standards for Reading and the Washington Performance Expectations for Math. SES Providers communicate progress monthly. Parents are responsible for transporting their students, if necessary, as there are no district buses or mileage reimbursement for transportation.

Schools in Steps 2-5 also have the requirements of Step 1 for both Professional Development and Public School Choice. As required in Step 1, these schools set aside 10% of their building's Title I budget to pay for professional development. Vancouver Public Schools did not have any Title I schools that made AYP and therefore could not offer Public School CHOICE for the 2015-2016 school year. Surrounding school districts were not accepting out-of-district boundary exceptions for Public School CHOICE.

Supplemental Education Services (SES):

The No Child Left Behind (NCLB) Act requires that 100% of students are proficient on Washington state's 2015 spring state assessments in both reading and mathematics. Vancouver Public Schools did not make Adequate Yearly Progress (AYP) because of this 100% proficiency requirement. The following schools will be offering SES services for eligible students during the 2015-16 school year.

2015-16 School Year

Title I Schools in Improvement Steps 2-5	Eligible Students	1 st Enrollment (Sept 14-Oct 9, 2015) Participating Students	2 nd Enrollment (Nov 2-Nov 24, 2015) Participating Students	Total	Percent
Anderson Elementary	363	24	18	42	12%
