

Young Champions Student Heart Screening

Community based heart screenings for Clark County and Portland Metro area students, sponsored by the Quinn Driscoll Foundation and Peace Health Southwest Heart and Vascular.

The Quinn Driscoll Foundation is named for 13-year-old Quinn Driscoll, a student athlete at Wy' East Middle School who died in 2009 after suffering sudden cardiac arrest while running on the track during gym class.

Quinn had undiagnosed hypertrophic cardiomyopathy (HCM), a serious heart condition that is one of the leading causes of sudden cardiac death in young athletes.

Sudden cardiac arrest occurs every 3 days in a public school, occurring often without symptoms. Have your child screened today!

*Free Youth Community Heart Screening

February 20, 2016

Peace Health Southwest Heart and Vascular
Open to ages 12-18

Register Today!

360-514-7755

www.quinndriscollfoundation.org

Appointments are required

Space is limited

Walk-ins welcome based upon availability

Who is eligible?

- All students within Clark County and surrounding Portland Metro area who are between 12-18 years of age
- **This screening does not take the place of the pre-performance examination requirement for all student athletes who wish to participate in a school sport**

What is included in the screening?

- Review of child's personal and family health history
- Blood pressure, height and weight measurement
- ECG/EKG (electrocardiogram)
- Echocardiogram/cardiologist consult if necessary

How do I sign up my child?

- **Registration is required**
- Register online www.quinndriscollfoundation.org or call (360) 514-7755
- Screenings are free of charge, however a \$25 donation is suggested- all donations support future community screenings

**Recommended \$25 donation. Young Champions screenings are available any weekday by appointment at PeaceHealth Southwest at the cost of \$50*
