

COVID-19 reopening guidelines:

- All rental-group participants and parents wear masks correctly.
- Return room to the same set-up as original.
- Clean any chairs/tables and any other items used before leaving. Please let the building operator know if you need soap and water or spray and paper towels. Most rooms have these items already.
- Gym floors may need to be swept before use and will need to be swept after use.
- All groups are responsible for COVID contact tracing and notifications if there is a positive case which was infectious in a VPS building.
- Groups need to let [Lindsey.rogers@vansd.org](mailto:Lindsey.rogers@vansd.org) or [Nicole.daltoso@vansd.org](mailto:Nicole.daltoso@vansd.org) know if there was a positive case, in the event additional cleaning and disinfecting needs to occur.
