- 6 feet between tables
- Students move outside after eating
- 45 minutes between lunches for cleaning

## Cleaning

- Student desks sanitized between periods
- Deep clean on Wednesday between student groups
- Electrostatic sprayer used in the evenings

# BUILDING PLAN HIGHLIGHTS: FORT VANCOUVER CIS

## The key is preparation, communication, and support

- [Training for staff](#), (already started asynchronously)
- We will have two entrances with thermal cameras
- Experience from Small Group POD work
- Health Room Annex
- Training for staff and students both leading up to and after starting
- The goal is to be visible, consistent, and wise with established protocol implementation

# BUILDING PLAN HIGHLIGHTS: COLUMBIA RIVER HIGH SCHOOL

- Teacher Training/ Staff orientations began January 20 with instruction
- Minimize procedural changes as we think about the possibilities of bringing more students on campus
- Establish predictable routines
- Focus on maximizing contact time
- Allow for flexibility in schedules that involve other magnets, Cascadia Tech & Running Start

# ATHLETICS: MIDDLE SCHOOL AND HIGH SCHOOL

## High School Athletics Beginning February 1

- Following WIAA Healthy Washington Sport & Activity Guidelines
- Traditional Fall Sports
  - Low, Moderate, High Risk Sports and Phases
  - Spring and Winter Seasons to follow

Middle School – Hoping to run a spring season after spring break
