ONLINE PAYMENTS FOR NUTRITION SERVICES

Vancouver Public Schools is pleased to offer parents an easy way to add money to their child’s food service account. Online payments can be made by parents into their student’s food service account through the Skyward Family Access portal parents are currently using to view food service purchases and payments. Vancouver Public Schools have partnered with RevTrak, a national credit card payment processor, to provide a secure site for making food services payments.

Online Payments Are Easy And Convenient!

Parents, you can now make online payments from home or work, 24/7. If your child’s food service balance is low, it only takes a few minutes to add money using your VISA or MasterCard credit or debit card. Payments are made to your student’s food service account via Skyward Family Access.

To make online payments:

• Visit the district website at www.vansd.org
• Select Skyward Family Access under Online Services at the bottom of the page (you will need your Login and Password)
• Select Food Service tab on left
• Select Make a Payment located next to your student’s name and school
• Select Update Payment Amount, enter payment amount and Update Cart
• Verify payment amount and select Pay with Vendor for further instructions on completing your transaction

Payments made through RevTrak will immediately be posted to your student’s food service account. Currently, there is no convenience fee applied to each payment made through the web store.

Please visit the Vancouver Public Schools website for future updates.
